

# Get to know our stock inside out

## Experienced Parts Interpreter - Rocherlea

Webster Trucks is seeking an experienced parts interpreter to join our team at Rocherlea.

Operating as the authorised dealer for Mack, UD and Volvo Trucks we are keen to attract quality applicants looking for a career path within the heavy vehicle parts industry and as such offer a competitive wage commensurate with skills and experience.

The parts department is dependent upon computerisation for sales, inventory control, customer order management and parts catalogues. Successful applicants will therefore be required to demonstrate sound computer skills; a relevant technical/trade background; excellent communication and customer service skills; and good administration skills. Experience in the Heavy Truck Industry would be a significant advantage.

## Storeperson

Applications are also invited from persons interested in the role of Storeperson.

The role of storeperson will involve inwards receipting of stock; provision of an efficient and effective stock control and dispatch service; packing and picking orders off shelves for dispatch; preparing labelling and consignment notes using a computer and ancillary support tasks such as phone answering, deliveries and customer service.

While stores experience is not necessary an interest in or knowledge of the automotive/truck service and repair industry, together with a forklift licence would be well regarded. More importantly a positive attitude and a good work ethic are essential aspects of the role with training provided on the job.

This is an excellent opportunity for persons looking for job security and the chance to join a well established employer within Tasmania, and may offer the opportunity of advancement to a parts interpreting role for the right person.

Applications for these positions are invited to be submitted to:

Parts Manager  
Webster Trucks  
PO Box 292  
Mowbray 7248  
Or email [ross.strickland@webstertrucks.com.au](mailto:ross.strickland@webstertrucks.com.au)
