

Imagine where a test drive could take you

The new 2010 Honda CR-V

With its sleek curves and sporty appearance, the CR-V sets the standard in compact SUVs. Wherever your destination – an exclusive restaurant, the office, or a long, winding country road – the CR-V is never out of place.

Have the best of both worlds: the space and comfort of a passenger car and the practicality of a 4WD. The CR-V's clever seating can be folded down to increase cargo space, making it the ideal choice for any activity.
